Greatest
Suit Values

\$17⁵⁰

We marked these suits to sell for \$20 and \$22, and now we offer them at \$17.50. The cut was made simply because our patrons were disappointed when we showed nothing for less than \$20.

The style, the materials and the workmanship are there—the value is \$20 and \$22—the suits cost us more than they did last season. We've kept to the old price by cutting into the profit—and that's why we say these are the greatest values you can buy in Washington.

It's time for the TOP COAT

And we have the best looking one at its price in the city. It's up to the minute in style—it's unlined and light in weight, but warm and almost impervious to dampness. The material is a shaggy English cloth in attractive shades and patterns—just what you see in the high-priced top coats. You can wear it on any occasion—the street, over evening dress, and it's a "peach" for the motorist.

WILSON GIVEN PRaise BY LEADING MERCHANT

Jesse Isidor Straus, of New York, Fears Tariff Wall.

Special to The Washington Herald.

New York, Oct. 24.—Jesse Isidor Straus, of R. H. Macy & Co., one of New York's leading merchants, and a son of the late Oscar Straus, business man and philanthropist, is among the many men of affairs to announce his alignment with the Wilson forces. Mr. Straus, treasurer of the Wilson Business Men's National League, has entered the campaign actively, declaring that Mr. Wilson's record, his experience, and the wisdom of a change at this time should determine every doubting voter to support his candidacy.

"I am satisfied that Mr. Hughes failure to answer the question as to how he would have acted if compelled to decide the questions which have faced President Wilson is due to the fact that, deep in his heart, he feels he would have done exactly as the President did," said Mr. Straus.

"Furthermore, I am satisfied Mr. Hughes feels that the judgment of posterity will approve the President's course throughout an administration beset more than any other administration in fifty years with internal and external embarrassments.

"It appears to me that one of the greatest menaces of our national life is the Republican tariff—a menace even greater than it was in Mr. Cleveland's time when the country emphatically decided against it. If we would sell we must buy, and if we build a wall against the production of other countries, retaliation on their part is inevitable. Furthermore, most of our industries are too firmly established to require babying."

Harts, superintendent of Public Buildings and Grounds, for the beautification of the vacant plot of ground just north of the new City Postoffice, 304 N. This plot of ground now presents an unsightly appearance, partly because of the uneven contour of the ground and partly because of the fact that it has been permitted to grow up in weeds.

Peel Off Your Freckles

To remove freckles, blotches or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily and harmlessly done by the application of ordinary mercurized wax. The wax peels off the defective outer skin, a little each day, gradually bringing the second layer of skin to view. A new skin is beautifully soft, clear, white, and young looking. Just procure an ounce of mercurized wax at any drug store and use like cold cream.—Adv.

URGES EXTENSION OF RAILWAY LINE

Engineer Investigator Approves Laying of Tracks in Eighteenth Street.

The proposal of the Capital Traction Company to extend its line in Eighteenth street to C street northwest was officially recommended to the Public Utilities Commission yesterday by Engineer Investigator J. Kappeyne.

This will facilitate transportation to the tennis courts and golf courses of Potomac Park, and will also enable employees in the new Department of the Interior Building, being erected between E and F and Eighteenth and Nineteenth streets, to reach their work direct without walking.

The proposed line will run in the rear of the Pan American, Red Cross and Daughters of the American Revolution buildings.

A few minor changes were made in the trackage from the plan first proposed, chief of which is the rerouting of cars to avoid double tracking in Eighteenth street.

To assist surgeons a small but powerful electric lamp has been invented, supplied with current by a dry battery and held and directed by its user's teeth.

DID NOT BELIEVE SHE WOULD LIVE

Startling Testimonial Given for the New Herbal Stomach Remedy, Plant Juice.

One of the most interesting recent statements made concerning the much-discussed preparation, Plant Juice, now being introduced in Washington, is that of Mrs. Alice Wilson, wife of Charles E. Wilson, who resides at No. 127 Fortieth street, Lawrenceville, a suburb of Pitts-

MRS. ALICE WILSON.

burgh. Mrs. Wilson is well known and a lady of the very highest standing among her friends. She had this to say:

"If any one knows what stomach trouble is, it is surely myself. For the past eight years I suffered from severe pains. At times I would become so bad that I was unconscious for hours at a time, and my mind would fall me for days—a perfect blank. My circulation would almost stop and my hands and feet would become cold and clammy. Food would not lie on my stomach, and I was compelled to subsist on liquids and a very light diet. I lost flesh, and my weight was reduced from 196 to 148 pounds. My neighbors did not expect me to live, and gave me up to die. My husband, who was employed at the Clark mills, brought me home a bottle of Plant Juice. Before I used one-half of it I began to feel better and my strength to return. I have used Plant Juice now for the past five weeks, and want to state publicly that I have entirely regained my health. I can eat any kind of food and digest it perfectly; do not have an ache or pain in my entire body. I am doing all of my housework for the first time in the past eight years, and am so happy that I sing from joy, for I am a well woman once more—entirely cured—and I give all praise for same to Plant Juice. I am recommending this medicine to all of my friends."

The Plant Juice Man is at The People's drug store, corner of Seventh and E streets northwest, where he is daily meeting the local public and introducing and explaining the merits of this remedy.—Adv.
